## **Data Collection Report Executive Order 13839**

## Promoting Accountability and Streamlining Removal Procedures Consistent with Merit System Principles

Executive Order (EO) 13839, signed by the President on May 25, 2018, requires executive agencies (as defined in section 105 of title 5, U.S. Code, excluding the Government Accountability Office (agencies)) to further facilitate a Federal supervisor's ability to promote civil servant accountability while simultaneously recognizing each employee's procedural rights and protections. To ensure the complete collection of data, we are also collecting data from military departments, as defined in section 102 of title 5, U.S. Code. To obtain comprehensive data for the Federal workforce, this form collects information for Senior Executive Service (SES) members, Administrative Law Judges (ALJs) as well as competitive service and excepted service (non-SES) employees. Please use the submit button below to provide the completed form to OPM's Accountability and Workforce Relations office.
