Details between Excepted Service and Competitive Service Positions

An agency may detail employees in accordance with the regulations in 5 CFR Part 300 Subpart C. These regulations allow an agency to detail an excepted service employee appointed under Schedule A, B, D, or a Veterans Recruitment Appointment (VRA) appointment (Title 5 Appointments) to a competitive service position without U.S. Office of Personnel Management (OPM) approval. A detail of any other excepted service employee to a competitive service position requires prior approval of OPM. This approval may be granted on a case-by-case basis or as delegated authority. Requests for approval of such details should include the following information:

- Information on the excepted service position (Agency, Appointment authority for employee’s position of record, occupational series, grade level);
- Information on the competitive service position (Agency, occupational series, grade level);
- Purpose of the detail or the duties to be performed during the detail;
- Reason why the excepted service employee is needed for the competitive service position (e.g., special skills/competencies the excepted service employee will bring to the competitive service position).

The template that follows may be used to submit requests to OPM. Use of the template does not guarantee approval. OPM will make a determination on each submission based on the information provided by the requesting agency. Questions about this requirement and the template may be sent to employ@opm.gov.
